Stairway Manufacturers' Association

Red area indicates stair angles above 38 degrees or below 20 degrees.
Green area indicates those rise run combinations where 2 Risers/heights + 1 Tread run in inches is between 23-5/8" and 25-5/8".
Blue area indicates stair geometry that is comfortably proportioned to the 2R + 1T rule and stair angle but exceeds the minimum run of 10" or the maximum rise of 7-3/4".
